DETAILED ACTION

Allowable Subject Matter

1. Claims 2-5 and 7-9 are allowed.
2. The following is an examiner's statement of reasons for allowance:

In accordance with the examiner's suggestion, previously objected to claim 8 has been rewritten in independent form including all of the limitations of the base claim and any intervening claims and as is accordingly allowable as previously set forth. In particular, the art of record taken in combination fails to disclose or suggest the step of "initiating and transmitting local action described in the one or more first tags" at the scheduled time. While the Reynolds reference is operable to replace one form of enhanced content for another, the "one or more first tags" are not executed at the content provider. Rather, the local action is performed at the "viewer" [70] as set forth in the grounds of rejection.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
